March 15, 2013

1. This is a free video poker slot tournament for entertainment only in a private residence.
2. To enter, players draw a numbered chip from a coin cup. The number on the chip determines the order of play and the color of the chip determines the machine (the machine color is designated by the primary color of the glass with the blue chip for blue machine, green chip for green machine and red chip for red machine). One entry per person.
3. Player will have five (5) minutes and 777 credits on Bonus Poker to win as many hands as possible, which is totaled by the machine as the "score". Game ends when the five minute timer elapses or the 777 credits are played, whichever occurs first.
