

We had a 512-machine Electronic Bingo Facility and therefore have 2 10' x 25' units full of equipment including the **parts listed below**, currency counters, gaming chairs, CCTV security system, ethernet switches, APC UPS backups, computer and office equipment, etc. Electronic bingo has been declared illegal in the State of Alabama with the exception of tribal lands. We closed our facility to avoid legal ramifications by the State Attorney General..

These parts listed below are from 48 Rocket Elite Class Machines that were disassembled for protection due to the legal environment regarding Class II Electronic Bingo Machines.

All of the 48 Rocket machines were in operation upon disassembly.

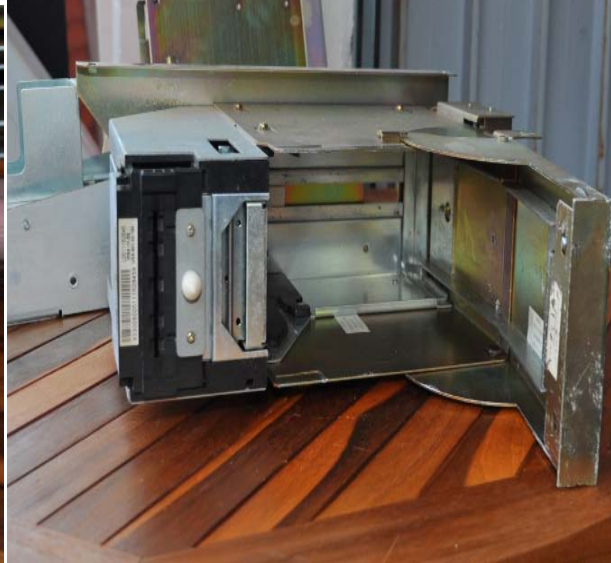

48 Effinet EFL-1902X LCD Touchscreen Monitors With Metal Frames (1 1/2" on top, bottom, 2 3/8 on sides)

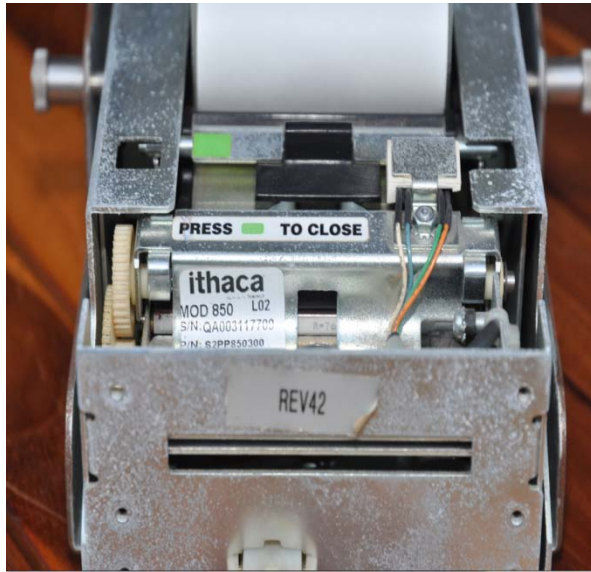

48 JCM WBA-13 Bill Acceptors/Validators with Frames

48 Ithaca Model 850 Gaming Printers

Cash Boxes for Bill Validator/Acceptors

We also have cases of blank ticket paper and machine locks.
